APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the manner and place of use of the waters of an underground source as heretofore granted under Permit 23408 is issued subject to the terms and conditions imposed in said Permit 23408 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

See attached sheet.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 3.0 cubic feet per second but not to exceed 800 acre-feet annually.

Actual construction work shall begin on or before February 20, 1975
 Proof of commencement of work shall be filed before March 20, 1975
 Work must be prosecuted with reasonable diligence and be completed on or before February 20, 1975
 Proof of completion of work shall be filed before March 20, 1975
 Application of water to beneficial use shall be made on or before February 20, 1980
 Proof of the application of water to beneficial use shall be filed on or before March 20, 1980
 Map in support of proof of beneficial use shall be filed on or before March 20, 1980

Terms: 28575

This permit is issued subject to the use applied for under this application and terminates the right to use for irrigation purposes. The period of use varies under Permits 28575 through 28580, inclusive, and the granting of this permit grants the right of use, for the entire year providing the total annual duty under the above referenced rights is not exceeded.

Further, this right to change the manner of use is issued on condition that any and/or all of the 4,942.00 acre-feet total annual duty granted that is not placed to a beneficial use will revert back to the source and not to the right being changed.

The combined total duty under this permit and Permits 28576, 28577, 28578, 28579 and 28580 is limited to 4,942.00 acre-feet of water annually.
